### 8. Points to remember for Speakers

Please remember the below points before you commence speaking:

- You can join the event through Mobile Devices or Tablets or Laptop with internet facility. However, for better experience, it is advisable to join through Laptop.
- Use the earphones so that the narrative is clearly audible to all the participants.
- Remember to minimize the noise in the background.
- Ensure stable Wi-Fi or LAN connection and that your Wi-Fi is not connected to any other device.
- Verify your network connectivity by going to <https://www.speedtest.net/>. Minimum download and update speed required for optimum viewing is 2 mbps.
- Ensure that no other background applications are running on the device that you are connected from.
- Remember to switch on video and ensure that you have adequate background lighting at your place.
- If you are unable to join through video, request you to please speak through audio means.
- If a speaker shareholder has a connectivity problem, the host will call on the next speaker to join. Once the connectivity improves, the speaker shareholder may again be called to speak but only after all the other registered shareholders have spoken.
- We request the speaker shareholders to kindly limit their speech to 2 minutes each. Further, the Company reserves the right to limit the number of members asking questions depending on the availability of time.
